Purpose: The purpose of this class is to give students an opportunity to receive individual and small group instruction that would clarify concepts taught in the general education setting. Students will also be working on goals that were set for them during the IEP process. All students in this class have an IEP.

Description: Students will be able to work on homework during this time, and concepts will be re-taught if necessary. During this time, the students will also work on strategies which will help them be successful in their classes. Some other areas that will be covered include the following; test taking skills, organizational strategies, and time management. Students will still need to bring assignments home regularly and are expected to study at home as well.

Student Expectations: Students are expected to come to class with all necessary books and materials. They also must have their planner (may be on ipad ) and a pencil. Students are expected to use their time wisely and stay on task. If a student has completed all of his/her work, they need to have other materials with them (book, studying, magazine, etc.), so that others may continue to work.

Grading:

Students will receive daily points that will be used for a weekly grade.

Daily points are assigned based on the following:

- Working on task
- Assignments complete for other classes
- Prepared for class

Daily routine:

- Announcements
- List assignments that need to be completed
- Prioritize tasks
- Work time: May be as a group or individually
- Students may also use this time to finish tests, or come and have tests read to them.

If a student fails to earn daily points, the student will receive a lower weekly grade and a possible consequence if the behavior continues. Consequences include the following, but are not limited to:

- Detention
- CBC
- Assigned seat
- Parent phone call/meeting
